MEMORANDUM FOR THE RECORD

SUBJECT: Omission in IAC-D-45/12  
Revision 6 of Part II, 12 March 1956

25X1A9a

In a discussion with [REDACTED] Assistant Secretary, Intelligence Advisory Committee, I called attention to the oversight in omitting the USIA and Federal Reserve Board NIS requirements from Part II of IAC-D-45/12, Revision 6. He will see to it that they are re-instated in the next revision which will be made in connection with the Export-Import Bank requirements recently approved by the NIS Committee.
